

## **The Hoffman Heart and Vascular Institute At A Glance**

The Hoffman Heart and Vascular Institute of Connecticut is a specialized concentration of high-quality medical care and advanced technology.

Established at Saint Francis Hospital and Medical Center in 1991 through a grant from the Maximilian E. and Marion O. Hoffman Foundation, Inc., the Hoffman Heart and Vascular Institute is the first comprehensive heart institute in Southern New England.

Its programs are focused in the areas of prevention, diagnosis, treatment and rehabilitation. A complete range of state-of-the-art diagnostic and interventional technologies, corrective surgical procedures and cardiac rehabilitation services are provided by physicians, surgeons and other healthcare professionals.

The Hoffman Heart and Vascular Institute sponsors the longest-running cardiovascular symposium in the United States.
